

RECRUITMENT

Due to increased sales and expansion, FireShield Safety Limited are looking for experienced ANSUL installation fitters. Applicants should currently hold an ANSUL R-102 training certificate but training will be provided to successful applicant.

We offer enviable conditions on a salaried package with bonuses available. Quality is paramount as customer satisfaction is key to our working ethics. Applicants must understand that good communications with both our clients and your employer is all part of the working role.

We would be pleased to receive a CV for any potential applicants and preferably at least two contacts for references. (We do not respond to agencies or marketing companies)

We would also consider anyone interested on a self employment role either whole or part-time basis.

Please send your CV to info@fireshieldsafety.co.uk

Regards,

FireShield Safety Ltd
